Skill Share

Transition Town Kinsale is a volunteer organization that has a vision of a sustainable and resilient town. TTK seeks to support our community in becoming more engaged and interactive with food security, health, energy, education and transport. With this in mind we are launching a series of skill workshops over the next few months. We aim to link people and their talent and skills from different generations.

Thursday 6 October 2022: Cider Making
Thursday 17 November 2022 Sewing and clothes repair
Thursday 15 December 2022: Sourdough: bread and more
Thursday 12 January 2023: Seed sowing, veg growing
Thursday 9 February 2023: Bike maintenance

All workshops are donation based, start at 8pm and are hosted at Kinsale College For more information, and if you too would like to share your skills we'd love to hear from you. Contact us at: info@transitiontownkinsale.org

Local Food — Edible Kinsale

Edible Kinsale

This is a Seasonal Food Calendar. Each month has a range of fruit, vegetables and herbs that are ripe to eat and available locally.

Seasonal Food Calendar

Eating locally and seasonally makes sense as the less miles fresh food travels means tastier and more nutritious food from local growers and farmers.

KINSALE TRAILS

FEASIBILITY REPORT

CONSULTANTS IN ENGINEERING, ENVIRONMENTAL SCIENCE & PLANNING

Prepared for: Future Kinsale (A Kinsale Trails Initiative)

Kinsale Loves Bikes

CycleConnects: Ireland's Cycle Network aims to improve sustainable travel by providing the potential for more trips on a safe, accessible and convenient cycling network, connecting more people to more places.

Proposals for cycling links in key cities, towns and villages in each county are included in the plan, in addition to connections between the larger towns, villages and settlements. The plan also incorporates existing and planned cycle routes such as greenways and blueways.

The draft proposals envisage an extensive cycling network across the 22 counties, complementing the cycling plans already developed for the Greater Dublin Area (Meath, Kildare, Wicklow and Dublin). Together these plans will create an overall comprehensive cycle network for Ireland.

The proposals for each county can be accessed by clicking on the map, and are also listed in the dropdown menu below. Each county contains its county cycle network, urban cycle
